

Parents, take notice!

The latest sexual indoctrination law (AB 1266) forces every public school to permit *biological boys* in girls' restrooms, showers, clubs, and sport teams; and *biological girls* in boys' restrooms, showers, clubs, and sport teams. No public school is exempt.¹

Reasons to Be Concerned about Having Your Child in Public Schools

- 1 Your child will be subjected to sexual indoctrination.** With AB 1266's gender-bending mandates, California now has TEN state laws promoting homosexuality, bisexuality, and transsexuality to children as young as kindergarten, with no parental opt-in or opt-out.²
- 2 Your child is unlikely to learn to read proficiently.** California ranks 46th in the nation in fourth grade reading proficiency, with roughly 3 out of 4 students (76%) failing to read at grade level³ -- despite California teachers being among the highest paid in the U.S.⁴
- 3 Your child will be greatly subjected to negative peer pressure.** Children in public schools are more likely to have earlier experiences and develop negative habits in these areas: lying, cussing, cheating, excessive dieting, wearing revealing clothes, pornography, sexual activity, smoking, drugs, alcohol, and even violence.⁵
